Description

Plastic stacking container / plate container in Euro norm size 400 x 300 mm. The stacking container has a smooth bottom and closed handles. With an internal height of 230 mm, the container is well-suited for transporting and dust-free storage of plates and dishes. Plates with a diameter of up to 215 mm can be placed vertically in the container, ensuring safe transportation without damage. Ideal for plate rental and on-site catering. Thanks to the comfortable handles, the stacking container is also easy to lift, even when fully packed with plates. Within the industrial sector, this stacking container is widely used for the storage of various goods. The Euro norm stacking containers can be stacked with other Euro containers and are perfectly compatible with standardized pallets, rolling containers, and mobile bases.
