Stacking bin / bin for plates - 400 x 300 x H 280 mm - black (reinforced base)

Product specifications

Uitwendig (LxBxH)	400 × 300 × 280 mm
Inwendig (LxBxH)	366 × 266 × 260 mm
Max. stacking load (kg)	200 kg
Capacity	26 liter
Color	Black
Handles	Closed
Sidewalls	Closed
Material	PP
Article number	30.428.RDH.10
Weight (kg)	1,5 kg
Temperature range	-20°C to +80°C
Bottom	Closed, reinforced
Max. plate diameter	250
Load capacity (kg)	20
Pallet quantity	64

Features

- **Stackable modern container/plate container SOLID LINE; suitable for catering, rental, and industrial applications.**
- **The stackable container has a smooth bottom.**
- **Suitable for mounting a hinged lid.**

Description

Plastic stacking container / plate container in Euro norm format 400 x 300 mm. The stacking container has a reinforced grid bottom and closed handles. With an internal height of 265 mm, the container is very suitable for transporting and dust-free storage of plates and dishes. Plates with a diameter up to 250 mm can be placed vertically in the container. This way, the plates can be safely transported without damage. Ideal for plate rental and on-site catering. Thanks to the comfortable handles, the stacking container is also pleasant to lift, even when fully packed with plates. Within the industrial sector, this stacking container is widely used for storing various types of cargo. The Euro norm stacking containers are stackable with other Euro containers and can be perfectly combined with standardized pallets, roll containers, and mobile bases.
