Stacking bin / bin for plates - 400 x 300 x H 320 mm - black (reinforced base)

Product specifications

Uitwendig (LxBxH)	400 × 300 × 320 mm
Inwendig (LxBxH)	366 × 266 × 305 mm
Max. stacking load (kg)	200 kg
Capacity	28.5 liter
Color	Black
Handles	Closed
Sidewalls	Closed
Material	PP
Article number	30.432.RDH.10
Weight (kg)	1,7 kg
Temperature range	-20°C to +80°C
Bottom	Closed, reinforced
Max. plate diameter	290
Load capacity (kg)	20
Pallet quantity	56

Features

Stacking bin is provided with an extra strong diamond-pattern base.

Description

Euro norm stacking container 400 x 300 mm. This stacking container with closed side walls and a reinforced, closed bottom features solid handles. This makes the plastic stacking container highly suitable as a tray bin for plates with a diameter up to 290 mm. The plates are then placed vertically in the bin. Within the industrial sector, this stacking container is widely used for the storage of various types of cargo. Due to its standardized dimensions, the stacking container can be perfectly combined with other Euro containers and also with standardized pallets, roll containers, and mobile bases.
