Article number: 30.408.GDH.1 Bedrukking mogelijk

Stacking bin / cutlery bin - 400 x 300 x H 75 mm - grey (smooth base)

Product specifications

Uitwendig (LxBxH)	400 × 300 × 75 mm
Inwendig (LxBxH)	366 × 266 × 72 mm
Max. stacking load (kg)	150 kg
Capacity	7 liter
Color	Grey
Handles	Closed
Sidewalls	Closed
Material	PP
Article number	30.408.GDH.1
Weight (kg)	0,5 kg
Temperature range	-20°C to +80°C
Bottom	Closed, smooth
Colorcode	RAL 7040
Load capacity (kg)	10
Pallet quantity	240

Features

Modern stackable container / plate tray from the SOLID LINE; designed specifically for event catering and rental, as well as industrial applications.

The stackable container features a smooth bottom.

Suitable for mounting hinged lids.

Description

The **modern stacking container** in **Euronorm format** (400 x 300 x H 75 mm - 7 liters) is part of our **SOLID LINE**, a product line that is used very broadly. Users are found in industry and crafts, but also in catering, food service and logistics.
Thanks to the **standardized dimensions** (400 x 300 mm), the stacking container is mutually stackable with all other **Euronorm stacking containers** and can be perfectly combined with standardized pallets and mobile trolleys or roll containers. This allows the container to be seamlessly integrated into an existing logistics flow.
The stacking container is **food-grade approved** and features a **hygienic design**. The two **closed handles** ensure optimal volume utilization of the container and protect the contents from external influences. The **hygienically smooth base** on the underside is furthermore quick and easy to clean. The **closed side walls** also keep the contents dust and dirt-free.
Furthermore, the stacking container is **suitable for mounting hinged lids**, optionally with snap closures, so that the contents remain protected during transport and storage. The lids are available in various colors, allowing different applications or departments to be visually distinguished to prevent mixing and reinforce corporate identity. We call that 'color coding'. Printing is available upon request. Everything for optimal logistics.
