--------	----------------

Load capacity (kg)	20 kg
--------------------	-------

Lidded bins are also stackable with lid

Lidded bins have a removable, hinged lid

Stacking bin with hinged lid and 2 snap-slide locks

Description

Stacking bin with lid made of food-grade plastic. Euro norm size 400 x 300 mm. The lid container consists of a stacking container with a hinged lid and two snap-slide closures. In the open position, the lid is removable. Due to the standardized dimensions, the container can be perfectly combined with other Euro norm stacking containers without any loss of space, as well as with standardized pallets, roll containers, and dollies. The container is also stackable with the lid. The snap-slide closures ensure a secure seal of the lid container, and it can be easily opened again. The lockable lid prevents the cargo from getting lost, damaged, or contaminated during transport.
