Features

Featuring a reinforced diamond bottom.

Standard version comes with closed handles.

Lid containers can also be stacked with their respective lids.

Lid containers feature a detachable hinged lid.

The lid container comes with two snap-slide closures in the lid.

Description

Lid container in Euro norm format 400 x 300 mm. The container is equipped with a hinged lid with two snap-slide closures. The lid is detachable when open. The lid container has a reinforced diamond bottom, making it suitable for heavier loads. The container is also stackable with the lid. Due to the Euro norm dimensions, the plastic lid container is perfectly compatible with other Euro norm stacking containers, pallets, and mobile bases. The snap-slide closures ensure the lid container is securely sealed and easily reopened. The lockable lid prevents the cargo from getting lost, damaged, or contaminated during transport. We provide foam interiors, seals, and label holders as accessories for the lid containers.
