Sidewalls	Closed
Material	HDPE
Article number	30.027.19.1
Weight (kg)	1,2 kg
Temperature range	-40°C to +70°C
Bottom	Fine perforated, reinforced
Pallet quantity	64

Description

Stackable crate / bicycle crate 400 x 300 mm in the color grey. The bottom of this robust crate is reinforced. You can store a lot of items in it. Even with heavy loads, the bottom barely sags. The bicycle crate is 273 mm high and has a capacity of 26.3 liters. The bicycle crate is also suitable for children's bikes. Due to the plastic material, the bicycle crate is much lighter than steel, wooden, or wicker bicycle crates. This makes cycling and steering more comfortable. Additionally, a plastic bicycle crate is more resistant to weather conditions than other crates. The stackable crate is made of food-grade plastic and has closed side walls and a finely perforated bottom. You can easily attach the bicycle crate to the transport rack with cable ties.
