Stacking crate R115 - 600 x 400 x H 154 mm

Product specifications

Uitwendig (LxBxH)	600 × 400 × 154 mm
Inwendig (LxBxH)	568 × 368 × 140 mm
Color	Orange
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	301.150.117
Weight (kg)	1,45 kg
Temperature range	-40°C to +70°C
Bottom	Perforated, reinforced
European Article Number	7,4249E+12
Colorcode	PMS 137 C

Features

- **Sturdy stacking crate made of food-grade plastic**
- **Coarsely perforated side walls and bottom**
- **Reinforced bottom**
- **Four handles for easy handling**
- **Dimensions: 600 x 400 x H154 mm**

Description

Plastic stackable crate measuring 600 x 400 mm with a height, including the reinforced bottom, of 154 mm. This robust stackable crate is made of food-safe plastic and equipped with a reinforced bottom and four open handles. The side walls and bottom are coarsely perforated, ensuring optimal ventilation of the crate's contents. Ideal for applications in the (industrial) food sector, the textile industry, hospitality, and bakeries. Even under serious challenges like heavy loads and extreme conditions, this stackable container continues to function optimally. The bottom's deformation is nearly negligible. The stackable crate is certainly suitable for other purposes as well. Thanks to its Euro standard size, it perfectly stacks with other Euro standard crates and boxes, and can be transported on standardized pallets, roll containers, and mobile bases without losing space.
