Stacking crate R120 - 600 x 400 x H 198 mm

Product specifications

Uitwendig (LxBxH)	600 × 400 × 198 mm
Inwendig (LxBxH)	568 × 368 × 183 mm
Color	Orange
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	301.200.117
Weight (kg)	1,66 kg
Temperature range	-40°C to +70°C
Bottom	Perforated, reinforced
European Article Number	7,42491E+12
Colorcode	PMS 137 C

Features

- **Food-safe bread crate / stacking crate**
- **Ideal for bakeries**
- **Equipped with reinforced side walls and bottom**
- **Features coarse perforated walls**
- **Has four open handles**

Description

Plastic stackable crate in Euro norm format 600 x 400 mm with a height including a reinforced bottom of 198 mm. Highly durable stackable crate with coarsely perforated side walls and bottom. Equipped with four open handles. The bottom is additionally reinforced; even under heavy loads and extreme conditions, the deformation is almost negligible. The robust stackable crate is versatile and possesses all the qualities for trouble-free application in the (industrial) food sector, the textile industry, hospitality, and in bakeries. The stackable crate made of food-grade plastic has a stable construction. Additionally, due to its Euro norm dimensions, the stackable crate is perfectly combinable with standardized stackable bins, crates, pallets, roll containers, and mobile bases.
