Description

Plastic stackable crate in Euro standard size 600 x 400 mm with a height, including reinforced bottom, of 224 mm. Very strong stackable crate with coarse perforated side walls and bottom. Equipped with four open handles. The bottom is extra reinforced; even under heavy loads and extreme conditions, the deflection is virtually negligible. The robust stackable crate is universally applicable and possesses all the characteristics for trouble-free use in the (industrial) food sector, textile industry, hospitality, and bakeries. Equipped with compartmentalization, the stackable crate serves as an ideal glass crate. The food-safe plastic stackable crate has a stable construction. Due to the Euro standard dimensions, the stackable crate is perfectly combinable with standardized stacking bins, crates, pallets, roll cages, and mobile bases.
