Stacking crate R128 - 600 x 400 x H 280 mm

Product specifications

Uitwendig (LxBxH)	600 × 400 × 280 mm
Inwendig (LxBxH)	568 × 368 × 271 mm
Capacity	57 liter
Color	Orange
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	301.280.117
Weight (kg)	2 kg
Temperature range	-40°C to +70°C
Bottom	Perforated, reinforced (base implementation no. 15)
Colorcode	PMS 137 C

Features

- **Food-safe bread crate / stacking crate**
- **Ideal for bakeries**
- **Equipped with reinforced side walls and bottom**
- **Features coarse perforated walls**
- **Has four open handles**

Description

Stackable crate in Euronorm format 600 x 400 mm with a reinforced bottom. This orange stackable crate has perforated bottom and side walls and is made of food-grade plastic. Thanks to the reinforced bottom and perforated side walls, providing optimal ventilation for the content, this stackable crate is highly suitable for applications in the (industrial) food sector, the textile industry, the hospitality sector, and in bakeries. Due to the reinforced bottom, the bending is virtually non-existent, even under heavy loads and extreme conditions. With its robust construction and standard dimensions, this is an efficient stackable crate for many applications. The stackable crate can be perfectly combined with other Euronorm stackable bins and crates, as well as with standardized pallets, roll containers, and mobile bases.
