Stacking crate R142 - 600 x 400 x H 421 mm

Product specifications

Uitwendig (LxBxH)	600 × 400 × 421 mm
Inwendig (LxBxH)	568 × 368 × 406 mm
Capacity	87.8 liter
Color	Orange
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	301.420.117
Weight (kg)	2,91 kg
Temperature range	-40°C to +70°C
Bottom	Perforated, reinforced (base implementation no. 15)
European Article Number	7,42493E+12
Colorcode	PMS 137 C

Features

- **Food-safe bread crate / stacking crate**
- **Ideal for bakeries**
- **Equipped with reinforced side walls and bottom**
- **Features coarse perforated walls**
- **Has four open handles**

Description

Plastic stackable crate in Euronorm size 600 x 400 with a height including reinforced base of 421 mm. Made from food-grade plastic. The stackable container features a reinforced base, four handles, and roughly perforated side walls and base. Ideal for use in the (industrial) food sector, textile industry, hospitality, and bakeries. The content of the stackable crate is optimally ventilated due to the perforated walls. Moreover, the reinforced base shows almost no deformation even under heavy loads and extreme conditions. Due to the Euronorm size, the stackable crate perfectly fits with other standardized stacking bins and crates, enabling transportation on standardized pallets, roll containers, and movable bases without space loss.
