

Stacking crate RX - 400 x 300 x H 142 mm

Product specifications

Weight (kg)	0,7 kg
External dimensions (l x w x h)	400 x 300 x 142 mm
Temperature range	-40°C to +70°C
Color	Grey
Material	HDPE
Bottom	Perforated, reinforced (base implementation no. 19)
Sidewalls	Perforated
Handles	Open (two openings)
Internal dimensions (l x w x h)	372 x 272 x 129 mm

Features

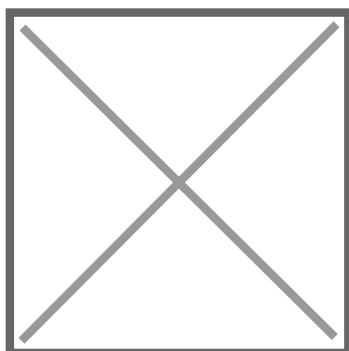

Perforated crate with open handles

Equipped with integrated label holders on both long sides

Ideal crate for storing or transporting smaller items, including food

Description

Stackable crate in Euro norm format of 400 x 300 mm. The gray crate is made of food-grade plastic and features a reinforced bottom. The stackable crate is both stable and lightweight. Additionally, the bottom's deflection is almost negligible, even under heavy loads or extreme conditions. The plastic stackable crate has finely perforated side walls and bottom, ensuring perfect ventilation for the contents. Ideal for applications in the (industrial) food sector, textile industry, hospitality, and bakeries. Thanks to its Euro norm dimensions, the stackable crate can be stacked perfectly without wasting space on standardized stackable bins, crates, pallets, mobile bases, and roll containers.
