Stacking crate RX - 600 x 400 x H 133 mm

Product specifications

Uitwendig (LxBxH)	600 × 400 × 133 mm
Inwendig (LxBxH)	568 × 368 × 119 mm
Color	Grey
Handles	Open (two openings)
Sidewalls	Perforated
Material	HDPE
Article number	30.412.19.1
Weight (kg)	1,2 kg
Temperature range	-40°C to +70°C
Bottom	Perforated, reinforced (base implementation no. 19)
Pallet quantity	68

Features

- **Perforated crate with open handles**
- **Equipped with integrated label holders on both long sides**
- **Ideal crate for storing or transporting smaller items, including food**

Description

Sturdy stacking crate in Euro container format 600 x 400 mm. The gray crate is made of food-grade plastic and features a reinforced bottom. The grid on the bottom is interrupted, enabling stacking on two 400 x 300 mm stacking crates. Due to the reinforced bottom, the deflection of the bottom is virtually negligible, even under heavy loads or extreme conditions. The plastic stacking crate has finely perforated side walls and bottom, providing excellent ventilation for the contents. Ideal for applications in the (industrial) food sector, textile industry, catering, and bakeries. Thanks to the Euro container dimensions, the stacking crate can be stacked perfectly without wasting space on standardized stacking bins, crates, pallets, mobile bases, and roll containers.
