

Stacking crate RX - 600 x 400 x H 223 mm

Product specifications

Uitwendig (LxBxH)	600 x 400 x 223 mm
Inwendig (LxBxH)	568 x 368 x 209 mm
Handles	Open (two openings)
Sidewalls	Perforated
Material	HDPE
Article number	30.421.19.1
Weight (kg)	1,8 kg
Temperature range	-40°C to +70°C
Color	Grey
Bottom	Perforated, reinforced (base implementation no. 19)
Colorcode	PMS 349 C

Features

Perforated crate with open handles

Equipped with integrated label holders on both long sides

Ideal crate for storing or transporting smaller items, including food

Description

Euronorm stacking crate 600 x 400 mm in the color grey. Stable crate made of food-grade plastic with a reinforced bottom. The grid on the bottom is interrupted, allowing stacking on two 400 x 300 mm stacking crates. Due to the reinforced bottom, the sagging of the bottom is virtually nil, even under heavy loads or extreme conditions. The plastic stacking crate has finely perforated side walls and bottom. Because of this open construction, the stacking crate has optimal airflow of warm and cold air. The stacking crate with Euronorm dimensions can be stacked perfectly and without space loss on standardized stacking bins, crates, pallets, mobile bases, and roll containers.
