Stacking crate RX - 600 x 400 x H 274 mm - green

Product specifications

Uitwendig (LxBxH)	600 × 400 × 274 mm
Inwendig (LxBxH)	568 × 368 × 260 mm
Capacity	54 liter
Color	Green
Handles	Open (two openings)
Sidewalls	Perforated
Material	HDPE
Article number	30.426.19.N
Weight (kg)	1,9 kg
Temperature range	-40°C to +70°C
Bottom	Perforated, reinforced (base implementation no. 19)
Pallet quantity	32

Features

- **Green stackable crate from the Euronorm RX-Series**
- **Dimensions: 600 x 400 x H 274 mm, capacity of 54.4 liters**
- **Stable construction**
- **Finely perforated side walls and bottom**

Description

Plastic stackable crate 600 x 400 mm with reinforced base. Stable crate made of food-safe plastic. The grid on the base is interrupted, allowing stacking on two 400 x 300 mm stackable crates. Due to the reinforced base, the bottom's deflection is virtually nil, even under heavy loads or extreme conditions. The plastic stackable crate has finely perforated side walls and base. This open construction provides optimal airflow for both warm and cold air. The stackable crate with Euro-standard dimensions can be stacked perfectly without space loss on standardized stacking containers, crates, pallets, mobile bases, and roll containers.
