Description

The containers from the TELLUS series are versatile storage solutions. With dimensions of 600 x 400 x H 180 mm and a capacity of 32 liters, they are ideal for various applications. These containers are designed to be stacked and nested, allowing for efficient storage and space-saving when not in use.

These containers are safe for use with food and feature a closed bottom and side walls, along with two securely closed handles in the shape of bowls. These closed handles not only provide a secure grip but also contribute to the ability to optimally fill the containers without wasting space.

Thanks to these closed handles, the containers can be filled to the brim, providing optimal storage capacity for various storage needs. Whether it's organizing items in a warehouse or storing food in a professional kitchen, the TELLUS containers offer a practical solution that combines efficiency and versatility.
