Stacking nestable bin Euronorm - 600 x 400 x H 270 mm

Product specifications

Uitwendig (LxBxH)	600 × 400 × 270 mm
Inwendig (LxBxH)	513 × 366 × 255 mm
Capacity	50 liter
Color	Green
Handles	Closed (two recessed handles)
Sidewalls	Closed
Material	PP
Article number	4.129.760.415
Weight (kg)	2,1 kg
Temperature range	-20°C to +80°C
Bottom	Closed, smooth

Features

- **The lid on the TELLUS bins (600 x 400 mm) may be security sealed**
- **TELLUS bins are stackable and nestable**

Description

The TELLUS series introduces a versatile solution with its stackable and nestable containers, specifically designed for various purposes. Measuring 600 x 400 x H 270 mm with a capacity of 50 liters, these containers offer optimal functionality. Their food-safe design, characterized by closed bottoms and side walls, ensures the safe storage of edibles. Adding to their utility are the two closed bowl handles that facilitate easy handling.

The inclusion of closed handles not only guarantees a secure grip but also contributes significantly to maximizing the container's capacity. Whether it's stacking them up efficiently or nesting them neatly when not in use, the TELLUS containers prove to be space-efficient and practical. Their adaptability makes them ideal for diverse settings, ranging from industrial storage to culinary applications, ensuring that contents remain safe and well-contained.

In essence, the TELLUS series stands out as a reliable solution, blending functionality and safety, making it a valuable addition for storage needs across various sectors.
