- **With extra large Ø 295 mm filler opening**
- **UN-approved for packaging groups I, II and III**
- **Super-wide-mouthed drums are air-, vapour- and liquid-tight due to screw lid with rubber gasket**

Description

Super wide-mouth drum, 17 liters Ø 338 x H250mm. Characteristic of super wide-mouth drums is the extra-large filling opening. This super wide-mouth drum has a filling opening of Ø 295 mm. The drum is air, vapor, and liquid-tight due to the hermetically sealing screw-on lid with rubber inner ring. The super wide-mouth drum is made of food-grade plastic and has the UN certification for packaging groups I, II, and III. The drum is therefore suitable for the storage of highly hazardous substances. Super wide-mouth drums are easily stackable and palletizable. Also usable as a water safe. Super wide-mouth drums are ideal for use as a feed drum for storing animal feeds. A super wide-mouth drum with a capacity of 17 liters is suitable for approximately 6 kg of animal feed.
