- **With extra large Ø 295 mm filler opening**
- **UN-approved for packaging groups I, II and III**
- **Super-wide-mouthed drum with two folding handles, with stop in horizontal position**
- **Super-wide-mouthed drums are air-, vapour- and liquid-tight due to screw lid with rubber gasket**

Description

Super wide-mouth container, 26.5 liters with dimensions Ø 338 x H359 mm, made of food-grade plastic. Specifically designed for the transport and storage of liquids. The super wide-mouth container features an extra-large filling opening of Ø 295 mm for optimal filling and emptying. The container is vapor-tight, airtight, and liquid-tight due to the hermetically sealing screw lid with a rubber inner ring. The wide-mouth container is highly suitable for use in the food industry and in freezer environments (UN-approved for packaging groups I, II, and III). The super wide-mouth container is equipped with two folding handles and is easily stackable and palletizable. Also usable as a water safe. Super wide-mouth containers are ideal for use as a feed barrel for storing animal feed. A super wide-mouth container with a capacity of 26.5 liters is suitable for approximately 10 kg of animal feed.
