Description

Plastic tub (Ø 628 x H 385 mm - 85 liters) - heavy duty. The tub is made of exceptionally high-quality plastic, which is highly impact-resistant and durable. With bottom rim to prevent abrasion and equipped with 2 bowl handles. Highly suitable for use in food processing.

The plastic tub, measuring 628 millimeters in diameter and 385 millimeters in height, with a capacity of 85 liters, ensures durability and reliability even in demanding conditions. Made of high-quality plastic, this tub offers impressive impact resistance and robustness, making it resistant to heavy loads and prolonged use.

The addition of a bottom rim effectively prevents abrasion, thus extending the lifespan of the tub and preserving its integrity. Furthermore, the tub is equipped with two sturdy bowl handles, making it easy to move and maneuver, even when fully loaded.
