Article number	81501810
Weight (kg)	9,9 kg
Pallet quantity	26

Features

The waste container is fitted with two wheels Ø 200 mm, with rubber tread.

The two-wheeled waste container is suitable for emptying at the side of the dustcart.

Description

Mobile plastic waste container 120 liters with dimensions of 505 x 555 x H1005 mm. Equipped with a solid steel axle and two wheels ? 200 mm with a plastic rim and rubber tread. The waste container has a flat, hinged lid. The container body and wheel attachment are extra reinforced, making it extremely durable. The waste container has a maximum payload of 60 kg. Additionally, the waste container is entirely smooth-walled. Constructed from impact-resistant and chemical-resistant plastic, it is resistant to acid, weather conditions, and UV radiation. The 2-wheel plastic waste container is suitable for all types of garbage trucks equipped with an emptying system according to DIN EN 840.
