Product specifications

Uitwendig (LxBxH)	580 × 740 × 1100 mm
Capacity	240 liter
Color	Grey
Material	Recycled HDPE
Article number	81881811
Weight (kg)	14 kg
Pallet quantity	26

Features

The waste container is fitted with two wheels Ø 200 mm, with rubber tread.

The two-wheeled waste container is suitable for emptying at the side of the dustcart.

Description

Mobile plastic waste container 240 liters. The waste container is entirely smooth-walled, preventing waste and dirt from getting stuck inside during emptying. Equipped with a solid steel axle and two wheels ? 200 mm with a plastic rim and rubber tread. The waste container has a flat, hinged lid. The 240-liter waste container is heavily durable due to the reinforced body and wheel attachment. It has a maximum payload of 110 kg. Additionally, the waste container is EN 840 certified, making it suitable for emptying with the emptying system according to DIN EN 840. Constructed from impact-resistant and chemical-resistant plastic, it is resistant to acid, weather conditions, and UV radiation.
