Two-wheeled 340 litre waste container - red

Product specifications

Uitwendig (LxBxH)	650 × 880 × 1150 mm
Capacity	340 liter
Color	Red
Material	Recycled HDPE
Article number	81971910
Weight (kg)	14,8 kg

Features

The waste container is fitted with two wheels Ø 200 mm, with rubber tread.

The two-wheeled waste container is suitable for emptying at the side of the dustcart.

Description

Mobile 340-liter plastic waste container. The waste container is completely smooth-walled. This prevents waste and dirt from remaining inside the bin during emptying. Equipped with a solid steel axle and two wheels Ø 200 mm with a plastic rim and rubber tread. The waste container has a flat, hinged lid. The 360-liter waste container is heavily loadable due to extra reinforcement of the body and wheel attachment. The waste container has a maximum filling weight of 110 kg. Additionally, the waste container is EN 840 certified and thus suitable for emptying using the emptying system conforming to DIN EN 840. Manufactured from impact-resistant and chemical-resistant plastic, it is resistant to acid, weather conditions, and UV radiation.
