Product specifications

Uitwendig (LxBxH)	450 × 515 × 930 mm
Capacity	60 liter
Color	Grey
Material	Recycled HDPE
Article number	81331810
Weight (kg)	9,2 kg
Pallet quantity	6

Features

The waste container is fitted with two wheels Ø 200 mm, with rubber tread.

With reduced volume (60 L) because the base is installed higher than in the 80 litre version.

The two-wheeled waste container is suitable for emptying at the side of the dustcart.

Description

Plastic container 60 liters. The waste container measuring 450 x 515 x H930 mm is made of impact-resistant and chemical-resistant plastic, therefore resistant to acid, weather conditions, and UV radiation. Equipped with a solid steel axle and two wheels ? 200 mm with a plastic rim and rubber tread. The waste container has a flat, hinged lid. The container body and wheel attachment are reinforced for extreme durability. It has a maximum load capacity of 40 kg. The container has a completely smooth surface, preventing dirt and waste from adhering. The waste container is EN 840 certified and suitable for all types of garbage trucks with an emptying system according to DIN EN 840. Due to the higher base, this waste container has a reduced capacity of 60 liters compared to the 80-liter version.
