Description

Plastic container, 80 liters with dimensions of 450 x 515 x H930 mm. Designed for professional use. The waste container is made of impact-resistant and chemical-resistant plastic, ensuring a long lifespan. Equipped with a solid steel axle and two wheels ? 200 mm with a plastic rim and rubber tread. The waste container has a flat, hinged lid. Thanks to the smooth interior walls, dirt does not adhere to the surface, making the waste containers easy to clean. The container body and wheel attachment are reinforced for extreme durability. With a maximum filling weight of 40 kg. The waste container is EN 840 certified, suitable for all types of garbage trucks with an emptying system complying with DIN EN 840. The 2-wheel waste container is resistant to acid, weather conditions, and UV radiation.
