VDA RL-KLT Stacking bin (6147) - 594 x 396 x H 147 mm (smooth base)

Product specifications

Uitwendig (LxBxH)	594 × 396 × 147 mm
Inwendig (LxBxH)	544 × 359 × 129 mm
Color	Blue
Handles	Closed
Sidewalls	Closed
Material	PP
Article number	4.174.004.662
Weight (kg)	1,8 kg
Temperature range	-30°C to +80°C
Bottom	With drain holes, smooth

Features

VDA RL-KLT folding boxes are provided with integrated label holders on one long and one short side.

The lid for stacking bins including the KLT and folding boxes has centring provisions for tension straps.

Description

The VDA RL-KLT stacking container (model 6147) is a versatile container measuring 594 x 396 x H 147 mm and features a smooth bottom. Designed to meet various storage needs, this container is ideal for different industries. With its streamlined size and smooth bottom, this container offers a safe and efficient solution for storing and transporting various goods.

With dimensions of 594 x 396 x H 147 mm, this stacking container is suitable for various applications across diverse sectors. The closed construction with drainage holes in the bottom ensures an efficient and secure storage environment. Additionally, this stacking container is equipped with receptacles for automated handling, allowing easy manipulation. Moreover, integrated label holders are present for clear content identification.

Thanks to its versatile size and smooth bottom, the VDA RL-KLT stacking container (6147) is an excellent choice for various sectors. It is commonly used in diverse industries, such as the automotive sector, where safe and efficient storage of various components is essential.
