Description

Meet our robust cloakroom bench, a reliable companion for any changing room or entrance. With its sturdy construction on three supports, this bench offers not only a practical seating area but also a free space of 400 mm below, perfect for storing shoes or bags. Made of corrosion-free and food-safe plastic, this bench is not only durable but also safe for use in various environments. Hygiene is paramount, which is why this bench is easy to clean, ensuring you always maintain a clean and tidy space.
With dimensions of 2000 x 400 x H450 mm, this cloakroom bench provides ample seating for multiple people simultaneously, while its compact design is space-saving. Whether it's in a sports club, school, or company cafeteria, this cloakroom bench adds functionality and style to any space.
