- **With large Ø 204 mm filler opening**
- **Wide-mouthed drums are air-, vapour- and liquid-tight due to screw lid with rubber gasket**
- **UN-approved for packaging groups I, II and III**

Description

Wide-mouth drum, 20 liters, with dimensions Ø 274 x H400 mm. The hermetically sealing drum has a large filling opening of Ø 204 mm. The screw lid is equipped with a rubber inner ring and four bowl handles on the lid rim. The wide-mouth drums are stackable and palletizable. With the UN certification for packaging groups I, II, and III, these wide-mouth drums are also suitable for storing hazardous substances. The wide-mouth drum is vapor, air, and liquid-tight, making it suitable for the transportation and storage of liquids in industries such as food and in freezing environments. Also usable as a water safe. Wide-mouth drums are ideal for use as a feed barrel for storing animal feeds. A wide-mouth drum with a capacity of 20 liters is suitable for approximately 8 kg of animal feed.
