- **Wide-mouth drums are suitable for stacking and palletising**
- **Wide-mouthed drums are air-, vapour- and liquid-tight due to screw lid with rubber gasket**
- **UN-approved for packaging groups I, II and III**

Description

Plastic wide-mouth drum with dimensions Ø 198 x H175 mm and a capacity of 3.6 liters. The wide-mouth drum has a large filling opening of Ø 136 mm and is equipped with a screw lid. The lid has a rubber inner ring and bowl handles on the lid rim. With the screw lid, the wide-mouth drum can be hermetically sealed. As a result, the drum is airtight, vapor-tight, and liquid-tight. The drums are marked with the UN approval for packaging groups I, II, and III, making them suitable for storing hazardous substances. The wide-mouth drums are stackable and palletizable. They can also be used as a water safe. Wide-mouth drums are ideal for use as a feed barrel, for storing animal feeds. A wide-mouth drum with a capacity of 3.6 liters is suitable for approximately 1.5 kg of animal feed.
