- **Wide-mouth drums are suitable for stacking and palletising**
- **Wide-mouthed drums are air-, vapour- and liquid-tight due to screw lid with rubber gasket**
- **UN-approved for packaging groups I, II and III**
- **Wide-mouthed drum with two folding handles, with stop in horizontal position**

Description

Wide-mouth container, 41.5 liters with dimensions Ø 410 x H415 mm, made of food-grade plastic. The wide-mouth container is equipped with a filling opening Ø 282 mm, a hermetically sealing screw lid with a rubber inner ring, six bowl handles on the lid rim, and two folding handles on the container. The container is also stackable and palletizable, making it very practical to use. The wide-mouth container is vapor, air, and liquid-tight, and UN approved for packaging groups I, II, and III. This makes the container suitable for the transport and storage of liquids and hazardous substances in, among others, the food industry and in freezer environments. Also usable as a water safe. Wide-mouth containers are ideal for use as a feed barrel for storing animal feed. A wide-mouth container with a capacity of 41.5 liters is suitable for approximately 15 kg of animal feed.
